

Octopus is reusable, removable, bubble-free and environmental friendly high quality printing media with our micro-suction technology adhesive. It is ideal for short term and long term indoor application. It can be easily applied to most clean, smooth and flat surfaces.

Datasheet

Description	Octopus PP Sticker
Application	Poster, label, window signage....
Code	RR251
Substrate	200±12microns White PP
Total Weight	175±11gsm
Total Thickness	250±15 micron
180° Peel Strength	5-120g/25mm
Adhesive tech.	Micro-suction adhesive
Release Force	<20g/25mm
Work Environment	-20°C to 80°C
Elongation at Break	>150%
Dimension stability	≤0.1 in
Shelf time	2 year
Ink	HP Indigo
Storage Conditions	Shall be placed in a cool and dry area, avoid direct sun exposure, avoid high temperature and humidity. Under normal storage conditions within the range 10 ~ 25°C and 50% RH, the product will be stable for at least 12 months. Notes : if the products are long stored under high temperature and humidity, their shelf life would significantly shortened.
Remarks	Dry mount is recommended. Surface must be dry, clean and no dust. Short term application is recommended. We strongly recommend to make a pre-test on different surface. Outdoor application is not recommended.

***The test report is subjected to FINAT and Inline test method, and the value is for reference only, can not be treated as specification purpose.**
